FORWARD

The Coombeland Herd of Pedigree Dexters were established by John Hardy after purchasing his foundation stock from the well known breeder Mrs Phillipa Laing of Templeton. Following this the stock bull "Salvator Tarragon" was purchased in February 2018 who has been a lovely, well natured, traditional bull. The herd have in recent years run in two groups at Coombeland, being 150 acres within the Exe Valley. The farm gained full Soil Association Organic status in July 2017. During the winter months the cattle are housed within the buildings that the sale is taking place. The cattle are only for sale due to increased work commitments away from the farm.
